

LAURA LOEB

RESEARCH COMPLIANCE SPECIALIST

SUMMARY

At LUC, I've launched a new IRB website, updated IRB review procedures, and implemented improvements in researcher communications while completing the day-to-day work of pre-reviewing and supporting the board. While at UVA, we made the switch to the new common rule, adopted a new online review system, created a post-approval monitoring process, and successfully completed an AAHRPP audit. There's always something new in the world of research ethics and social behavioral research and I look forward to continuing to meet challenges in the future.
